

INVITATION

“Gå-hjem” meeting about global wind energy shipping and logistics
August 24, 2016 at **16:00** pm at Danish Shipowners’ Association in CPH

If you have interest in offshore wind maritime logistics, please join us on **August 24, 2016** at **16:00 PM** at the **Danish Shipowners’ Association** for an after work (“gå-hjem”) meeting. Participation is free of charge.

BACKGROUND

Offshore wind needs to become competitive with other energy forms and reach a cost range where the wind energy can be generated without subsidies. The industry is therefore engrossed in cost reduction efforts and an area which has so far not received much attention is offshore wind logistics. At this meeting, you will hear presentations for Danish Shipowners’ Association, DONG Energy Wind Power, and Aalborg University highlighting how maritime logistics can play a significant role in reducing the Levelized Cost of Energy for offshore wind.
