

FOR IMMEDIATE RELEASE

PRESS RELEASE

NovaVis publishes the “NovaVis25”- twenty five people in offshore alternative renewable energy to watch in 2016

Norfolk, Va. – 9 February 2016 - NovaVis, LLC (www.novavis.org). **NovaVis** has published its annual “**NovaVis25**” list of people in offshore alternative renewable energy to watch in 2016. The continued support and partnership in the creation of the Trans-Atlantic Bridge for the industry supply chain is a major focus of the **NovaVis25**. There were no geographic, industry, academic or technology restrictions as to nominees. All areas of expertise were welcome to participate. Congratulations to all of the NovaVis25 for 2016

*“We are delighted to have had such a positive response to the **NovaVis25** list for 2016. We have had the luxury of working with many global world class organizations and individuals in the area of offshore alternative renewable energy. This global cooperation and collaboration sets the foundation for offshore alternative renewable energy in the United States. We are very keen to recognize the leaders in this arena as the people to watch in 2016”,* says **NovaVis** Executive Director, Charles Decuir

NovaVis is a next generation technology platform, which has a focus on global Supply Chain economies and logistics. The **NovaVis** platform is a live Supply Chain Ecosystem connecting the various suppliers and developers in a constantly engaging and an ever evolving framework. **NovaVis** has developed a technology platform for identifying the vendors for offshore alternative renewable energy in order to provide a coordinated approach in capturing risk mitigation and cost reduction by virtue of a consolidated approach. **Contact: NovaVis, LLC - 223 East City Hall Avenue - Norfolk, Virginia, 23510 - 757.636.0561 - 757.619.7670 – 877.818.8108**
